

Dear Sirs;

I have been an avid listener and financial supporter of K-love for many years. I have two grandchildren and I have been embarrassed by other radio stations and would not want to expose them to that type of radio station. I believe strongly in Christian values and K-love provides a safe haven for young and old. I am strongly opposed to your proposed changes and am praying that these rules DO NOT go into effect and change Christian radio. I believe if more people tuned in to Christian radio they would be changed for the better. I know my Lord Jesus has His hand in this and will keep our Christian radio alive and unchanged!
